Product Description

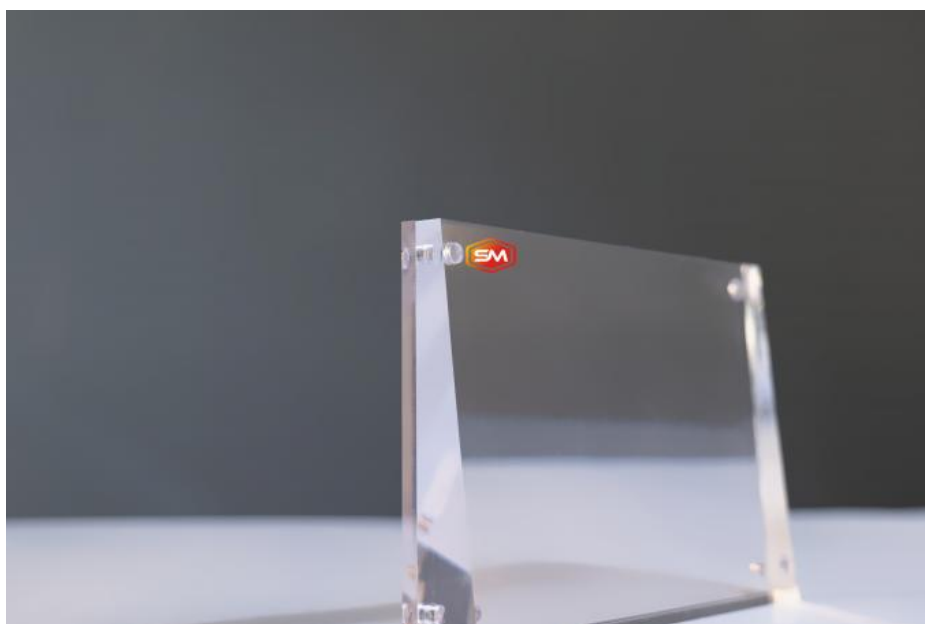

Magnetic Acrylic Photo Frame

Acrylic, as a new and advanced material, has different great uses in various fields. Among them, the unique high-quality and high-transparency beauty is particularly prominent, which is simple and generous to highlight various products. High light transmittance. The light transmittance of acrylic characters can reach 95%. It is crystal clear and overflowing with light. the light box made of acrylic material has good light transmission, pure color, rich color, beautiful and flat, and takes into account both day and night. Kind of effect.

20 mm Diameter Strong Magnet:The magnet has strong adsorption and the paper is not easy to fall.
The two panels can be dismantled, you can update the inner core easily.
Each panel is protected from scratches by a double layer of protective film

Our magnetic acrylic photo frame can be used for photo display, print display. With its good function and beautiful appearance, we sell a lot to our customers.

There are there types of magnetic acrylic photo frame: one side lean, two sides lean, two side flat
