Product Description

Product Description:

The frame itself is made of durable and lightweight acrylic, with a density of 1.20g/cm³, making it easy to handle and transport. The acrylic has been carefully cut and polished to create a smooth and sleek surface that will complement any decor. The frame thickness of this Acrylic Photo Mount with Wood Base is 0.5 inches, giving it a substantial feel that will protect your photos from damage.

The wooden base of this Acrylic Picture Holder with Wooden Base is made of high-quality wood, which has been carefully selected for its durability and strength. The base has been finished with a beautiful and elegant stain that will complement any home decor. The combination of acrylic and wood creates a unique and eye-catching display that will draw attention to your photos.

This Acrylic Photo Mount with Wood Base features top-loading photo insertion, making it easy to change out your photos whenever you like. The photo orientation of this frame is vertical, which is perfect for displaying portrait-style photos. The frame is designed to hold a standard-sized photo, making it easy to find the perfect image to display.

The Acrylic Picture Holder with Wooden Base also features printing of your favorite photograph on the acrylic surface. The process of printing is done with utmost care to ensure that the image is clear and vibrant. You can also choose to leave the acrylic surface blank and let the beauty of your photograph speak for itself.

This Free Standing Acrylic Photo Frame with Wood Base is perfect for displaying your most cherished memories in a stylish and elegant way. Whether you're looking to showcase your wedding photos, family portraits, or vacation snapshots, this frame is the perfect choice. It is also a great gift idea for birthdays, holidays, and other special occasions.
