## Colored Clear Acrylic Sheet For Booth Construction

Our colored clear acrylic sheet is a high-quality booth construction-grade panel, ideal for diverse exhibition booth structure building and professional on-site display setup applications. It features a vivid uniform color with high light transmittance surface that is easy to cut, engrave, print and bond, perfect for crafting exhibition main backdrop walls, product display frames, brand image signages and creative booth decorative structures. Ideal for custom standard exhibition stands, high-end brand showcase booths, temporary pop-up exhibition areas and modular display zones, this sheet pairs eye-catching colored-transparent visual effects with stable and reliable booth construction-grade performance. Lighter than glass and more shatterproof than ordinary plastic, it enables convenient transportation and quick on-site installation while retaining excellent scratch resistance, long-term color stability and protection against indoor exhibition venue temperature changes and daily minor physical impacts.

### Specifications

Place of Origin	Zhejiang, China

Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Any custom colors
Delivery	15-30 days
Density	1.19g/cm <sup>3</sup>
Sample	Available

### Lightweight Design & Quick Installation

- Thanks to its lightweight design, this colored clear acrylic sheet allows for effortless manual handling and one-person installation during booth construction, eliminating the need for heavy lifting equipment and reducing on-site labor and time costs while ensuring safe and efficient booth fabrication.
- Do not use mismatched fixing accessories for quick installation, which can cause unstable bonding and structural loosening, compromising the firmness of booth structures and display safety.

### Key Features

- **Excellent Transparency**
- **Easy Fabrication**
- **Easy Processability**
- **Quick Installation**
- **High Scratch Resistance**
- **Good Impact Resistance**
- **Lightweight Design**
- **Versatile Application**
