## Colored Clear Acrylic Sheet For Storage

Our colored clear acrylic sheet is a premium thickened decorative-grade panel, ideal for high-end cosmetic display stand fabrication and luxury jewelry storage & display applications. It features a vivid tinted high-transparency surface that is easy to cut, shape, drill and bond, perfect for crafting high-end cosmetic counter display risers, luxury jewelry storage cases, branded makeup organizer trays and boutique jewelry showcase display bases. Ideal for custom cosmetic store display shelving, luxury jewelry shop storage boxes, beauty salon makeup display cases and high-end gift box acrylic inlays for jewelry, this sheet pairs stunning colored transparent aesthetics with reliable thickened structural performance. Lighter than tinted glass and more impact-resistant than ordinary colored plastic, it enables effortless installation and layout in cosmetic & jewelry retail spaces while retaining excellent load-bearing capacity, scratch resistance and long-term durability against frequent touching, cleaning and display replacement commonly seen in cosmetic and jewelry display scenarios.

### Specifications

Certificate	ISO9001, CE, ROHS, etc.
Color	Any custom colors
Delivery	15-30 days
Density	1.19g/cm <sup>3</sup>
Sample	Available

### Easy Fabrication & Lightweight

- When processing the acrylic sheet for easy fabrication, refrain from using overly sharp or uncalibrated cutting and drilling tools for operation, as improper tool use may cause edge chipping and surface scratches, and affect the smooth shaping and bonding effect of the sheet during the fabrication process.
- Do not stack heavy solid materials on the lightweight acrylic sheet for prolonged periods, as excessive pressure may cause permanent warping and deformation of the sheet, and undermine its structural stability, reducing its practicality in cosmetic and jewelry display and storage applications.

### Key Features

- **Easy Fabrication**
- **High Transparency**
- **Lightweight Build**
- **Scratch-Resistant**
- **Impact-Resistant**
- **Smooth Surface**
