Colored Cast Acrylic Sheet For Making

Our colored cast acrylic sheet is a high-performance premium panel engineered exclusively for display stand fabrication applications, delivering vibrant, consistent solid color presentation and outstanding structural rigidity that satisfies the precise production demands of commercial and retail display projects. It boasts a smooth, wear-resistant solid color surface that is easy to cut, mill, polish, glue and assemble, making it perfect for manufacturing product display stands, retail counter displays, exhibition showcases, advertising display racks, store fixture displays, branded promotional stands and custom point-of-purchase displays. More durable and impact-resistant than standard acrylic sheets, with superior color consistency and stability compared to ordinary display materials, it ensures long-term structural integrity and visual appeal for display stand production while offering excellent scratch resistance, fade resistance, stain resistance and easy maintenance. It withstands daily handling, cleaning and long-term use without losing color or luster, making it a reliable, high-quality and cost-effective solution for all types of display stand manufacturing and commercial visual presentation applications.

Color	Any custom colors
Delivery	15-30 days
Density	1.19-1.20g/cm ³
Sample	Available

High Impact & Easy Fabrication

- Avoid subjecting the high-impact acrylic sheet to heavy impact, sharp knocking or excessive pressure during handling, transportation and installation.
- Do not drop heavy objects onto the sheet surface or use hard, sharp tools to strike or pry the panel directly.
- Do not force-cut, impact or overheat the easy-fabrication colored acrylic sheet during processing, rough edges or surface scratches, which will affect its smooth cutting, drilling, milling, polishing and bonding performance and easy fabrication characteristics.

Key Features

- **Scratch-Resistance**
- **Impact-resistant**
- **Waterproof**
- **Color-stable**
- **Scratch-proof**
- **Easy-fabrication**
- **Fade-resistant**
- **Durable**
