## Colored Clear Acrylic Sheet For Protective

Our premium clear acrylic sheet is a high-quality 20mm thick structural-grade panel, specially designed for protective covers, safety shields, dust covers, and surface protection applications. It features an ultra-clear, smooth surface with outstanding light transmittance, providing a crystal-clear view while offering reliable all-around protection. With high impact resistance, excellent durability, and long-lasting optical clarity, it effectively shields furniture, equipment, displays, and valuable items from scratches, dust, moisture, and accidental damage. This 20mm clear acrylic sheet is lightweight yet sturdy, with superior stability and easy maintenance. Stable, reliable, and highly practical, our premium clear acrylic sheet 20mm is the perfect material for professional protective covers, industrial safety solutions, and high-performance protection applications.

MOQ	2TONS
Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Any custom colors
Delivery	15-30 days
Density	1.19g/cm <sup>3</sup>
Sample	Available

### High Impact & Scratch Resistant

- When handling and processing this high impact clear acrylic sheet, avoid excessive force, sharp impacts or forced bending during cutting, drilling, polishing and installation. Use proper tools and gentle processing methods to prevent cracking, chipping or surface damage.
- Avoid exposing it to sharp objects, rough abrasive pads, or harsh chemical cleaning agents. Frequent contact with sharp or abrasive materials can gradually wear down its smooth surface, causing micro-scratches, dullness, or permanent marks that reduce its transparency and high-definition appearance.

### Key Features

- High-impact Resistance
- Scratch Resistance
- Stable
- Lightweight
- Easy To Clean
- Resistant To Dust

For the best price on Cast Clear Acrylic Sheet, contact Amy at +86 18457085648 (WeChat/WhatsApp).
