Why Choose Our Frosted Acrylic Sheet?

High Weather Resistance: Stable under changing temperatures, not easy to yellow, crack or fade, ensuring long service life for both indoor and outdoor decorative projects.

Lightweight & High Strength: Lighter than glass with excellent rigidity, less likely to break during handling and installation, reducing construction difficulty and improving safety.

Easy to Machine & Cut: Good processing performance for precise cutting, drilling and bending, helping to realize customized shapes and sizes for different client projects.

Low Maintenance: Resists dust and fingerprints, easy to clean and maintain, keeping a neat and elegant look in long-term daily use.

Key Features

Shatterproof
