Product Description

Meta Description

Our thick opaque red cast acrylic sheet in full sizes features uniform thickness and fine texture with rich solid red color. It has a firm compact structure and smooth surface, delivering excellent impact resistance and superior opaque shading performance, along with waterproof, stain-proof and anti-deformation properties. Sturdy and durable with great weather resistance, it is lightweight and easy to laser cut, bend and install, maintaining permanent color fastness for long-term use. It is ideal for signage making, interior decoration, partition panels, retail display cabinets and various custom engineering projects.

Why Choose Our Colored Acrylic Sheet?

Full Size Options: With complete thickness specifications. It supports standard size and custom cutting to meet various commercial and engineering procurement needs.

Cast Craft & Uniform Texture: Adopted cast molding technology, the sheet owns uniform thickness and delicate texture with compact structure, not easy to crack or deform.

Impact Resistance & Weather Resistance: It features high toughness and outstanding impact resistance, paired with great weather resistance, waterproof and stain-proof performance, no fading or aging after long-term use.

Easy Processing: It can be laser cut and bent for processing, with simple installation to save time and labor. Widely applied in signage, interior partitions, decoration and display cabinet production.
