- Model Number: SM560
- Minimum Order Quantity: 2000kgs
- Price: 1-200kg, \$3/kg
- Packaging Details: PE film or Craft Paper
- Delivery Time: 25-30days
- Payment Terms: L/C, T/T, Western Union, Paypal
- Supply Ability: 2000PCS 25-30days

### Product Specification

- Material: Acrylic
- Product: Cast Clear Acrylic Sheet
- Raw Material: 100% Virgin MMA
- Model: SM560
- Packing: PE Film Or Craft Paper
- Origin: Zhejiang, China
- Processing Service: Cutting, Moulding
- Color: Clear Or Any Custom Colors
- Light Transmission: High
- Customized: Accept OEM
- Chemical Resistance: Good
- Density: 1.20g/cm<sup>3</sup>
- Sample: Available
- Type: Cast Forming

## Colored Acrylic Sheet for Art Gallery Display Frame with Vivid Color Rendering

Colored Acrylic Sheet delivers vivid color rendering with even pigment distribution, specifically designed for art gallery display frames. Anti-fading and UV stabilized, it maintains bright colors under spotlights. Scratch and shatter resistant, lightweight and easy to process, with no warping for long-term art exhibition.

Easy to cut, drill, polish and assemble, this colored acrylic sheet is lighter and safer than glass, reducing frame weight and eliminating breakage risks. The even saturated color finish creates exquisite viewing effects for art gallery display frames and artwork exhibits.

### Product Specifications

Specification	Details

Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Clear or any custom colors
Delivery	15-30 days
Density	1.20g/cm <sup>3</sup>
Sample	Available

### Key Advantages

**Impact Resistance Performance:** Superior anti-scratch and anti-collision performance avoids surface abrasion, cracks and breakage during artwork framing, transportation and gallery layout. Stays intact with unchanged color after frequent collisions, maintaining stable display effects for long-term art exhibition.

**Material Performance:** Produced from high-purity virgin PMMA raw material with fully permeated, evenly saturated color for vivid color rendering. Standard thickness options include 1-10mm, with customized length and width supported for consistent thickness in mass production of gallery display frames.

**Structural Advantage:** Flat, rigid and lightweight colored acrylic sheet resists warping and deformation after cutting and shaping. Glossy matte dual surface choices deliver delicate high-grade visual texture for all kinds of art gallery display frames and artwork exhibits.

**Machining Performance:** Supports laser cutting, precise drilling, edge polishing, hot bending and engraving. Easy to process and customize, widely applied to art gallery frames, photo display panels and exhibition art display stands.

### Key Features

- Fade Resistant
- Scratch Resistant
- Impact Resistant

UV Resistant  
Easy Processing  
Shatterproof  
Lightweight  
Anti Yellowing
