

## Anti Yellowing UV Resistant Scratch Resistant Cast Acrylic Sheet for Decoration and Display

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: SM
- Certification: ISO9001:2015,CE, DE,ROHS,REACH etc.
- Model Number: SM561
- Minimum Order Quantity: 2000kgs
- Price: 1-200kg, \$3/kg
- Packaging Details: PE film or Craft Paper
- Delivery Time: 25-30days
- Payment Terms: L/C,T/T,Western Union,Paypal
- Supply Ability: 2000PCS 25-30days

### Product Specification

- Material: Acrylic
- Product: Cast Clear Acrylic Sheet
- Raw Material: 100% Virgin MMA
- Model: SM561
- Packing: PE Film Or Craft Paper
- Origin: Zhejiang, China
- Processing Service: Cutting, Moulding
- Color: Clear Or Any Custom Colors
- Light Transmission: High
- Customized: Accept OEM
- Chemical Resistance: Good
- Density: 1.19-1.20g/cm<sup>3</sup>
- Sample: Available
- Type: Cast Forming

## Anti Yellowing Solid Colored Acrylic Sheet Wholesale Factory

As a direct wholesale factory of anti yellowing solid colored acrylic sheet, we strictly control pigment proportion to realize full opaque solid color effect. UV auxiliary anti-yellow coating avoids surface yellowing caused by lamp irradiation. The solid acrylic sheet owns wear-resistant surface, easy cleaning and stable coloring, greatly favored by bulk buyers for decoration, display and advertising board manufacturing.

### Product Specifications

Specification	Details

Certificate	ISO9001, CE, ROHS, etc.
Color	Clear or any custom colors
Delivery	15-30 days
Density	1.19-1.20g/cm <sup>3</sup>
Sample	Available

### Key Advantages

#### Anti-Yellowing Performance

Special anti-UV additive formula is integrated, effectively slowing down yellowing and discoloration caused by long-term indoor lighting, lamp irradiation and indoor oxidation. Solid color remains saturated and uniform for years of indoor display, furniture making and shelf decoration without dulling or yellow stains.

#### Material Performance

Produced from high-purity virgin PMMA raw material with fully permeated, evenly saturated solid pigment for uniform opaque color rendering. Standard thickness options include 1-12mm, with customized length, width and color tones supported for stable thickness consistency in bulk factory wholesale orders.

#### Structural Advantage

Flat, rigid and lightweight anti yellowing solid colored acrylic sheet resists warping and deformation after cutting and hot forming. High-gloss and matte dual surface options deliver delicate premium visual texture for supermarket display racks, cabinet panels, indoor partitions and advertising decorative boards.

### **Machining Performance**

Supports laser cutting, precise drilling, edge polishing, hot bending and engraving. Easy to process and customize in bulk, widely supplied as factory wholesale material for display stands, furniture panels, store decoration fixtures and indoor signage.

### **Impact Resistance Performance**

Superior anti-scratch and anti-collision performance avoids surface abrasion, cracks and breakage during cabinet processing, shelf transportation and store layout. Stays intact with unchanged solid color after frequent bumps and friction, maintaining stable decorative and display effects for long-term indoor use.

## **Key Features**

- Anti Yellowing
- Fade Resistant
- Scratch Resistant
- Impact Resistant
- Shatterproof
- Warp Resistant
- UV Resistant
- Lightweight
