Product Description

2mm Opaque Colored Acrylic Sheet Sign Panel

As a wholesale factory specializing in 2mm opaque colored acrylic sheet sign panels, we utilize precision extrusion technology to manufacture solid PMMA sign boards. Premium masterbatch ensures uniform opaque hues without color variation. Compact PMMA offers exceptional scratch, UV, and weather resistance suitable for both indoor and outdoor signage applications. Custom cutting and bulk supply options are available for advertising projects.

Grade	AAAAA
MOQ	2TONS
Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Clear or any custom colors
Delivery	15-30 days
Density	1.19g/cm³
Sample	Available

Key Advantages

Thickness & Color Performance

Virgin PMMA with high-concentration color masterbatch guarantees even thickness and solid opaque shades without color difference. Multiple standard colors and custom cut sizes available for bulk wholesale.

UV & Weather Stability

Added UV stabilizer prevents discoloration and fading during long-term outdoor exposure. Opaque colored sheets maintain full saturated hues for outdoor advertising signage.

Surface Texture Advantage

Ultra-flat smooth sheets available in gloss and matte surface options. No warping or deformation after cutting and hot bending, perfect for indoor and outdoor sign display panels.

Machining Performance

Supports laser cutting, drilling, polishing and engraving. Stable processing without cracks, widely used for various advertising sign making applications.

Wear & Impact Resistance

Strong scratch and impact resistant properties. Tough enough during installation, maintains consistent opaque color under long-term outdoor friction and sunlight exposure.

Key Features

UV Resistant
Impact Resistant
Scratch Resistant
Weather Resistant
Easy Machining
Anti Yellowing

Frequently Asked Questions

Can you produce according to the samples?

Of course, OEM welcome!

How can I get the sample?

Small samples are available for free, you only need to pay for shipping.

How long can I expect to get the sample?

We prepare samples within 3 days, with delivery typically taking 5-7 days.

What is your MOQ?

Minimum order quantity is 26 pieces for each size.

Do you test all your goods before delivery?

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

What is your lead time for mass production?

Normally 25-30 days.

What is your payment term?

We accept T/T, L/C, PayPal, and Western Union.

How do you pack the products?

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.
