#### Key Advantages

**Clear Surface:** Ultra-flat thin acrylic base offers high light transmittance with smooth burr-free polished surface, perfect for photo and artwork protection. Uniform flat panel avoids light distortion, fully restoring vivid colors and fine details of photos and prints.

**UV & Anti-Yellow Performance:** Made of virgin PMMA resin to block indoor UV rays and resist humid air. Effectively slow down surface oxidation to prevent fogging and yellowing during long-term indoor frame use.

**Flexible Machinability:** Thin acrylic sheets come with factory polished smooth edges. Support custom cutting, laser engraving, punching and chamfering to fit all standard & custom photo frame sizes.

**Dimensional Stability:** Dense PMMA structure provides great anti-warp and anti-deformation ability. The thin plate stays flat and clear under long indoor display.

**Scratch & Anti-Static Surface:** Hardened surface resists daily friction scratches during frame installation. Anti-static finish reduces dust accumulation for easy maintenance.

#### Product Features

UV Resistant

Scratch Resistant

Lightweight

Fade Resistant

Anti Yellowing

Damp Resistant

## Customer Feedback

收件人: amy <amy@rpoa.com.cn>

Dear Amy

Thnaks for your price. we plan to place one container this week. hope quality is same to before.

收件人: vicky <vicky@rpoa.com.cn>

hi vicky

how are you.

you are so nice, we received your samples. it's very good. we plan to place order, details will send to you later.

收件人: amy@rpoa.com.cn <amy@rpoa.com.cn>  
附件: 1个 (1.0 MB) (1).xlsx

Hi Amy,

I propose you, send 2 similar order one this month and other next month, but check the possibility give us better price, but with same quality in first order

I wait for you.

Kind regards,

收件人: 吴小雅 <amy@rpoa.com.cn>

Dear Amy wu,  
Have nice time

How many sheet can I add? we want one 20ft container

thank you

收件人: Amy <amy@rpoa.com.cn>

Dear Amy Wu,  
Have nice time

we will send bank slip soon  
and

please make proforma to this order:

## Frequently Asked Questions

Can you produce according to the samples?

Of course, OEM welcome!

**How can I get the sample?**

Small samples are available for free, you only need to pay for shipping.

**How long can I expect to get the sample?**

We prepare samples within 3 days, with delivery typically taking 5-7 days.

**What is your MOQ?**

Minimum order quantity is 26 pieces for each size.

**Do you test all your goods before delivery?**

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

**What is your lead time for mass production?**

Normally 25-30 days.

**What is your payment term?**

We accept T/T, L/C, PayPal, and Western Union.

**How do you pack the products?**

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.
