

Scratch Resistant Custom Size Acrylic Sheet with High Light Transmission for Countertops

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: SM
- Certification: ISO9001:2015, CE, DE, ROHS, REACH etc.
- Model Number: SM586
- Minimum Order Quantity: 2000kgs
- Price: 1-200kg, \$3/kg
- Packaging Details: PE film or Craft Paper
- Delivery Time: 25-30days
- Payment Terms: L/C, T/T, Western Union, Paypal
- Supply Ability: 2000PCS 25-30days

Product Specification

- Material: Acrylic
- Product: Cast Clear Acrylic Sheet
- Raw Material: 100% Virgin MMA
- Model: SM586
- Packing: PE Film Or Craft Paper
- Origin: Zhejiang, China
- Processing Service: Cutting, Moulding
- Color: Clear Or Any Custom Colors
- Light Transmission: High
- Customized: Accept OEM
- Chemical Resistance: Good
- Density: 1.20g/cm³
- Sample: Available
- Type: Cast Forming
- Highlight: **Scratch resistant acrylic sheet.**

Product Description

Scratch Resistant Colored Acrylic Sheet Custom Size Perspex Sheet For Countertop

Product Overview

As a manufacturer specializing in scratch resistant colored acrylic sheets for countertops and scratch resistant colored perspex panels for furniture fabrication, we utilize mature cast molding processes to manufacture easy processing colored PMMA sheets. High-quality color masterbatch brings consistent solid hues, eliminating uneven coloring and surface marks on finished panels.

This scratch resistant acrylic material features convenient handling and outstanding processability. It can be easily cut, drilled, polished and shaped into diversified countertop finished products. Available in custom sizes, our colored acrylic sheet owns stable color performance and excellent anti-scratch property, which meets long-term usage requirements for shop countertops, service counters, commercial tabletops and indoor furniture surfaces.

Specifications

Grade	AAAAA
MOQ	2TONS
Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Clear or any custom colors
Delivery	15-30 days
Density	1.20g/cm ³
Sample	Available

Key Advantages

Scratch Resistant & Stable Color

Virgin PMMA blended with qualified color masterbatch produces scratch resistant colored acrylic sheets with uniform color and excellent surface hardness. The anti-scratch property effectively avoids surface abrasion during daily use of countertops and furniture surfaces.

Convenient Fabrication & Flexible Forming

Scratch resistant colored perspex panels support various machining operations including laser cutting, drilling, thermal bending, polishing and edge finishing. Materials will not crack or split during processing, allowing fabricators to make diversified countertop components.

Stable Physical Properties After Deep Processing

Well-formulated scratch resistant colored PMMA sheets maintain flatness after cutting, hot bending and adhesive assembly. No obvious warping after deep processing, ideal for manufacturing commercial countertops, service counters and furniture panels.

Support Custom Size & Mass Production

Our scratch resistant colored acrylic sheets accept customized sizes to fit different countertop layouts. Consistent material quality guarantees stable processing efficiency, perfectly matching bulk and customized production demands.

Key Features

Scratch Resistant
Easy Processing
Anti Abrasion
Impact Resistant
Fade Resistant
UV Resistant
Waterproof

Frequently Asked Questions

Can you produce according to the samples?

Of course, OEM welcome!

How can I get the sample?

Small samples are available for free, you only need to pay for shipping.

How long can I expect to get the sample?

We prepare samples within 3 days, with delivery typically taking 5-7 days.

What is your MOQ?

Minimum order quantity is 26 pieces for each size.

Do you test all your goods before delivery?

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

What is your lead time for mass production?

Normally 25-30 days.

What is your payment term?

We accept T/T, L/C, PayPal, and Western Union.

How do you pack the products?

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.
