

Custom Colors UV Resistant Colored Acrylic Sheet PMMA Sheet in 1220*2440mm Size

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: SM
- Certification: ISO9001:2015, CE, DE, ROHS, REACH etc.
- Model Number: SM595
- Minimum Order Quantity: 2000kgs
- Price: 1-200kg, \$3/kg
- Packaging Details: PE film or Craft Paper
- Delivery Time: 25-30days
- Payment Terms: L/C, T/T, Western Union, Paypal
- Supply Ability: 2000PCS 25-30days

Product Specification

- Material: Acrylic
- Product: Cast Clear Acrylic Sheet
- Raw Material: 100% Virgin MMA
- Model: SM595
- Packing: PE Film Or Craft Paper
- Origin: Zhejiang, China
- Processing Service: Cutting, Moulding
- Color: Clear Or Any Custom Colors
- Light Transmission: High
- Customized: Accept OEM
- Chemical Resistance: Good
- Density: 1.19g/cm3
- Sample: Available
- Type: Cast Forming
- Highlight: Custom Colors Colored Acrylic Sheet,

Product Description

Bulk Colored Acrylic Sheet Solid Color PMMA

As a manufacturer specializing in bulk colored acrylic sheet solid color PMMA, we adopt mature cast molding processes to produce easily-processed solid colored acrylic sheets. Premium color masterbatch ensures even color distribution and prevents color difference and surface defects.

This solid color PMMA material features excellent machinability. It can be cut, drilled, polished and thermo-formed into various commercial display components. Available in custom sizes, our bulk colored acrylic sheet comes with stable color and compact full-bodied surface, suitable for long-term application for supermarket racks, retail display stands, commercial booths and diverse advertising display fixtures.

Specifications

Place of Origin	Zhejiang, China

Grade	AAAAA
MOQ	2TONS
Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Clear or any custom colors
Delivery	15-30 days
Density	1.19g/cm ³
Sample	Available

Key Advantages

Uniform Solid Color & Stable Pigment: Virgin PMMA resin blended with high-grade color masterbatch produces bulk colored acrylic sheet solid color PMMA with full and consistent solid tone. High-quality pigment effectively resists discoloration and color shifting, delivering steady visual performance for commercial display projects.

Excellent Machinability & Versatile Fabrication: Our bulk solid color PMMA acrylic sheets support laser cutting, drilling, hot bending, polishing and edge finishing. The sheet structure resists cracking under normal processing operations, allowing fabricators to make supermarket rack parts, retail display fixtures and advertising components.

Superior Plate Flatness After Deep Processing: Scientific material formula enables our bulk colored acrylic sheets to maintain reliable flatness after cutting, hot bending and gluing. Minimal warping occurs after deep processing, well-suited for display cabinets, exhibition booth panels and in-store display applications.

Custom Sizes & Large-Volume Bulk Supply: These solid color PMMA acrylic sheets can be produced in custom thickness and dimensions to satisfy diverse project requirements. Stable raw material quality keeps consistent processing performance, ideal for both large-volume bulk orders and custom-specification production needs.

Key Features

UV Resistant

Water Resistant

Anti-Yellowing
Impact Resistant
Easy Processing
Weather Resistant
Fade-Resistant

Frequently Asked Questions

Can you produce according to the samples?

Of course, OEM welcome!

How can I get the sample?

Small samples are available for free, you only need to pay for shipping.

How long can I expect to get the sample?

We prepare samples within 3 days, with delivery typically taking 5-7 days.

What is your MOQ?

Minimum order quantity is 26 pieces for each size.

Do you test all your goods before delivery?

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

What is your lead time for mass production?

Normally 25-30 days.

What is your payment term?

We accept T/T, L/C, PayPal, and Western Union.

How do you pack the products?

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.
