

Thin Gauge Custom Colored Acrylic Sheet with High Light Transmission for Signage and Labels

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: SM
- Certification: ISO9001:2015, CE, DE, ROHS, REACH etc.
- Model Number: SM596
- Minimum Order Quantity: 2000kgs
- Price: 1-200kg, \$3/kg
- Packaging Details: PE film or Craft Paper
- Delivery Time: 25-30days
- Payment Terms: L/C, T/T, Western Union, Paypal
- Supply Ability: 2000PCS 25-30days

Product Specification

- Material: Acrylic
- Product: Cast Clear Acrylic Sheet
- Raw Material: 100% Virgin MMA
- Model: SM596
- Packing: PE Film Or Craft Paper
- Origin: Zhejiang, China
- Processing Service: Cutting, Moulding
- Color: Clear Or Any Custom Colors
- Light Transmission: High
- Customized: Accept OEM
- Chemical Resistance: Good
- Density: 1.20g/cm³
- Sample: Available
- Type: Cast Forming
- Highlight: **Thin Gauge Colored Acrylic Sheet**,

Product Description

Thin Gauge Colored Acrylic Sheet for Label and Sign Plate Production

Product Overview

As a manufacturer specializing in bulk thin gauge colored acrylic sheet solid color PMMA, we adopt mature cast molding processes to produce easily - processed thin gauge colored acrylic sheets. Premium color masterbatch ensures uniform color penetration and avoids color deviation and surface blemishes.

This thin -gauge solid color PMMA material delivers outstanding workability. It can be laser cut, engraved, drilled and polished into various label and sign plate components. Available in custom dimensions, our bulk thin gauge colored acrylic sheet maintains consistent hue and smooth fine surface, suitable for long - term use for nameplates, warning labels, shop sign plates, retail marking panels and diverse identification display fixtures.

Specifications

Place of Origin	Zhejiang, China
Brand Name	SM
Material	Acrylic
Size	1220*2440mm, 1220*1830mm and other custom sizes
Thickness	1.8-40mm
Raw Material	Lucite, Mitsubishi, Chinese materials
Grade	AAAAA
MOQ	2TONS
Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Clear or any custom colors
Delivery	15-30 days
Density	1.20g/cm ³
Sample	Available

Key Advantages

- ✓ **Uniform Solid Tone & Consistent Color Performance:** Virgin PMMA resin blended with premium color masterbatch produces bulk thin gauge colored acrylic sheet with even, saturated solid hue. High -grade pigment inhibits fading and color deviation, providing reliable visual effect for label and sign plate manufacturing.
- ✓ **Excellent Fine -Processing Performance for Sign Making:** Our bulk thin -gauge colored acrylic PMMA sheets support laser engraving, precision cutting, drilling and edge polishing. Thin sheet material avoids brittle fracture during fine fabrication, enabling fabricators to produce nameplates, warning labels, shop sign plates and identification markers.
- ✓ **Superior Surface Flatness After Precision Machining:** Optimized casting formula allows our thin gauge colored acrylic sheets to keep good flatness after cutting, engraving and bonding. Low warping rate after fine processing, perfectly fit for thin - wall label pieces, small sign plates and indoor identification display applications.
- ✓ **Custom Dimensions & Bulk Production Capacity:** These thin -gauge solid color acrylic sheets are available in custom thickness and sheet sizes to meet varied label and sign project demands. Stable raw material guarantee uniform processing property, suitable for large - volume bulk orders as well as small -batch custom specification production.

Key Features

Fade Resistant

Scratch Resistant

Lightweight

Chemical Resistant

UV Resistant
Impact Resistant
Easy To Fabricate

PAYMENT TERMS

In short, we abide by the following principles:

1. Providing Best Service
2. High Quality Products
3. Fastest Production Lead-Time
4. Competitive Prices

Customer Feedback

Small samples are available for free, you only need to pay for shipping.

How long can I expect to get the sample?

We prepare samples within 3 days, with delivery typically taking 5-7 days.

What is your MOQ?

Minimum order quantity is 26 pieces for each size.

Do you test all your goods before delivery?

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

What is your lead time for mass production?

Normally 25-30 days.

What is your payment term?

We accept T/T, L/C, PayPal, and Western Union.

How do you pack the products?

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.
