Product Description

Colored Frosted Acrylic Sheet for Kiosk Panel

Colored Frosted Acrylic Sheet is a factory-provided rigid PMMA matte frosted board specifically designed for kiosk panel applications. The sturdy sheet can be cut, drilled, bent, and polished during secondary processing to fit custom kiosk build requirements. We provide flexible customization on sheet sizes, colors, and thicknesses for kiosk fabricators. Consistent frosted surface quality allows simple gluing and dependable thermoforming for mass production and custom kiosk panel orders.

Product Specifications

Place of Origin	Zhejiang, China

Grade	AAAAA
MOQ	2TONS
Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Any custom colors
Delivery	15-30 days
Density	1.20g/cm ³
Sample	Available

Key Advantages

Outdoor-Adapted Structural Toughness: High-quality colored frosted acrylic base material with compact internal structure that will not crack, warp, or deform under long-term sunlight and frequent outdoor temperature changes for kiosk service environments.

Uniform Frosted Matte Surface: Consistent fine colored frosted matte texture reduces bright light glare and unwanted reflections while standing up to daily abrasion and minor surface scratches.

Environmental Protection Performance: Stable weather-resistant, dust-proof, and anti-aging properties that effectively resist ultraviolet erosion and outdoor ambient wear for long-run kiosk usage.

Custom Processing Support: Accept custom cutting, edge polishing, rounding, and special contour shaping services, with various standard thicknesses and sheet sizes ready for kiosk panel fabrication.

Product Features

- UV Resistant
- Impact Resistant
- Scratch Resistant
- Easy Processing
- Lightweight
- Fade Resistant
- Tear Resistant

Frequently Asked Questions

Can you produce according to the samples?

Of course, OEM welcome!

How can I get the sample?

Small samples are available for free, you only need to pay for shipping.

How long can I expect to get the sample?

We prepare samples within 3 days, with delivery typically taking 5-7 days.

What is your MOQ?

Minimum order quantity is 26 pieces for each size.

Do you test all your goods before delivery?

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

What is your lead time for mass production?

Normally 25-30 days.

What is your payment term?

We accept T/T, L/C, PayPal, and Western Union.

How do you pack the products?

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.
