Custom Size Colored Acrylic Sheet For Commercial Display Projects

Product Overview

As a real manufacturer of custom size colored acrylic sheet, we control raw material screening and full in-house production process. Fast lead time for standard stock. Custom colors, thicknesses and dimensions are available per client requests. Our export-grade quality satisfies commercial display demands across Southeast Asia, Middle East, Africa and Europe.

Custom size colored acrylic sheet is widely applied in commercial display booths, retail fixtures, mall exhibition backdrops, brand display stands, shop window parts, supermarket display components, event installations, commercial counter facades, showroom partitions and other commercial-industrial display projects.

Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Clear or any custom colors
Delivery	15-30 days
Density	1.19-1.20g/cm³
Sample	Available

Key Advantages

- Superior Custom-Dimension Consistency:** Made of virgin PMMA resin, our custom size colored acrylic sheet targets commercial display projects. Rigid extrusion control ensures precise size tolerance for all custom specs. Panels fit retail displays and booth assemblies with little extra trimming.

- **Uniform Through-Body Color & Anti-Fading Performance:** With integral coloring technology, the sheet delivers solid through-body color with low inner-surface color difference. Premium masterbatch resists color shift and dullness under long-term commercial lighting for stable display visuals.
- **Excellent Processability & Convenient Installation:** This custom size colored acrylic sheet allows laser cutting, drilling, polishing, hot bending and bonding. It resists chipping and cracking during processing, easy to fabricate into display stands, counter facades and partitions for quick on-site assembly.
- **High Flatness & Stable Physical Properties:** Precision-extruded sheet features high flatness and stable hardness. Low thermal deformation minimizes warping risk under indoor and semi-outdoor conditions for mall and retail display usage.
- **Multi-Scenario Commercial Display Compatibility:** Good scratch and corrosion resistance makes it ideal for booth panels, window displays, mall backdrops, shelf fittings and showroom partitions to satisfy various commercial display requirements.

Key Features

- Scratch Resistant
- Corrosion Resistant
- Impact Resistant
- Lightweight
- UV Resistant
- Fade Resistant

Frequently Asked Questions

Can you produce according to the samples?

Of course, OEM welcome!

How can I get the sample?

Small samples are available for free, you only need to pay for shipping.

How long can I expect to get the sample?

We prepare samples within 3 days, with delivery typically taking 5-7 days.

What is your MOQ?

Minimum order quantity is 26 pieces for each size.

Do you test all your goods before delivery?

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

What is your lead time for mass production?

Normally 25-30 days.

What is your payment term?

We accept T/T, L/C, PayPal, and Western Union.

How do you pack the products?

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.
