Key Advantages

Precise Dimension Consistency: Made from virgin PMMA resin, our opaque colored acrylic sheets maintain precise thickness and size tolerance, suitable for mass laser cutting with minimal trimming work.

Scratch & Corrosion Resistant: Surface resistance to minor scratches and chemical corrosion. Maintains excellent surface condition under diverse working environments.

Excellent Processability: Compatible with laser cutting, drilling, polishing, hot bending and bonding. Low chipping and cracking risk for high-volume mass production processing.

High Flatness & Dimensional Stability: Precision extruded opaque PMMA sheets feature excellent flatness and stable physical performance. Low thermal deformation effectively avoids sheet warping.

High Impact Resistance: Solid opaque structure provides good impact resistance. The sheet resists external collision damage for industrial and heavy-duty display usage.
