Product Description

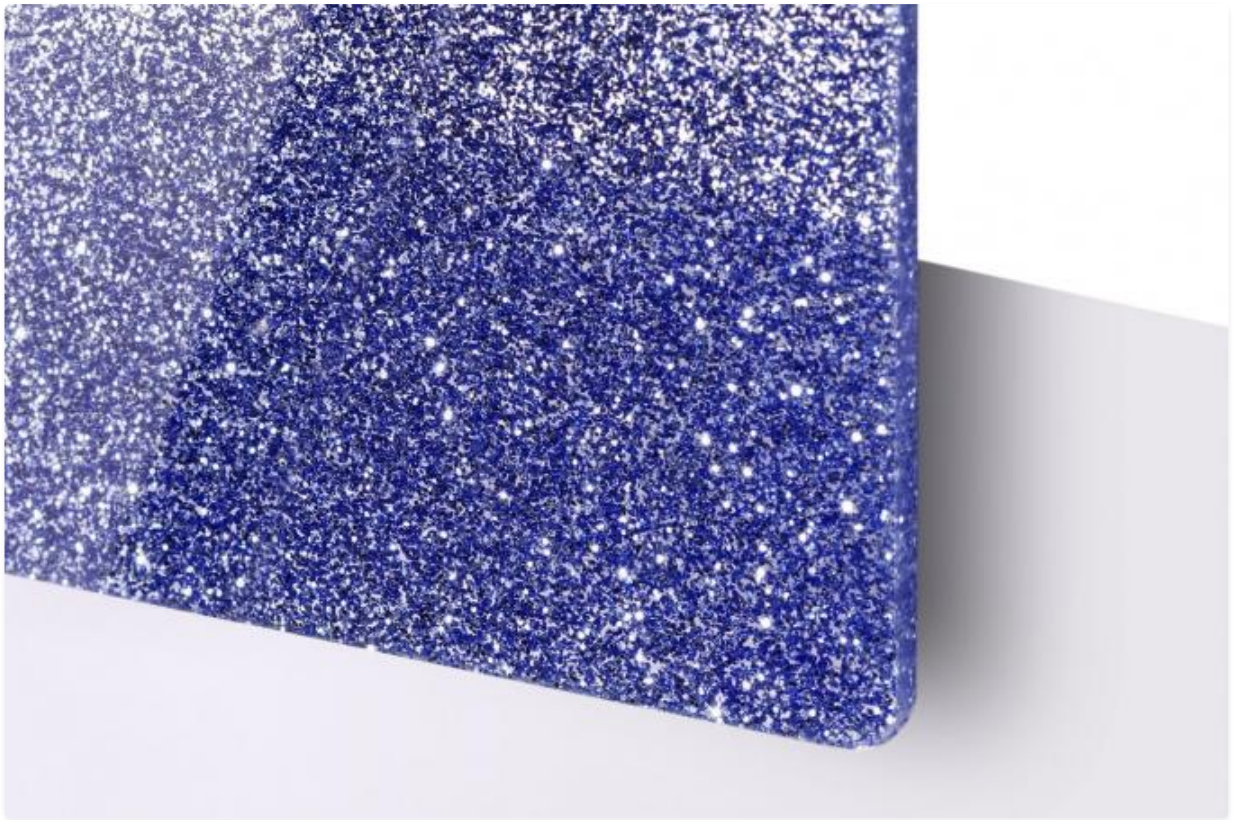

Multi-Color Glitter Acrylic Sheet Solid Sparkle PMMA Board

High Gloss Glitter Acrylic Sheet Custom Size featuring evenly distributed glitter particles and vibrant multi-color options with solid dense PMMA structure.

Our Product Introduction

for more products please visit us on perfectplastic8.com

This rigid and robust material delivers scratch-resistant, wear-resistant and anti-aging performance for long-term service. The light-stable substrate allows cutting, drilling, polishing, bending and other secondary processing. With uniform sparkling visual effect and retained color luster, it's ideal for commercial partition panels, exhibition components, equipment housings, display fixtures and supermarket shelf accessories.

Product Features

Sparkling Multi-color Look: Rich multi-color selections with evenly embedded glitter particles produce eye-catching sparkling finish and

steady luminous reflection.

Solid PMMA Substrate: High hardness and good toughness, scratch resistant, wear resistant, anti-aging and color-stable for prolonged commercial application.

Superb Processing Performance: Rigid yet dimensionally stable material supports cutting, drilling, polishing, hot bending and other secondary machining while keeping intact glitter visual effect.

Superior Surface Condition: Compact solid surface free of blemishes, smooth touch and consistent color performance for high-grade display presentation.

Durable Color & Sparkle Performance: Keeps uniform glitter distribution and bright color tone, hard to turn dim or fade under long-time indoor and business-environment service.

Quality Assurance

Our corporation has passed strict quality system certifications including ISO9001, ISO14001, SGS and more. Our products feature resistance to UV/impact, good processability, extraordinary scratch resistance, high light transmittance up to 93%, and will not turn yellowish or fade for at least 5-6 years.

We provide free samples (customer pays freight) and offer competitive pricing for bulk orders.
