

Custom Thickness UV Resistant Colored Acrylic Sheet with High Light Transmission

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: SM
- Certification: ISO9001:2015,CE, DE,ROHS,REACH etc.
- Model Number: SM631
- Minimum Order Quantity: 2000kgs
- Price: 1-200kg, \$3/kg
- Packaging Details: PE film or Craft Paper
- Delivery Time: 25-30days
- Payment Terms: L/C,T/T,Western Union,Paypal
- Supply Ability: 2000PCS 25-30days

Product Specification

- Material: Acrylic
- Product: Cast Clear Acrylic Sheet
- Raw Material: 100% Virgin MMA
- Model: SM631
- Packing: PE Film Or Craft Paper
- Origin: Zhejiang, China
- Processing Service: Cutting, Moulding
- Color: Clear Or Any Custom Colors
- Light Transmission: High
- Customized: Accept OEM
- Chemical Resistance: Good
- Density: 1.19-1.20g/cm3
- Sample: Available
- Type: Cast Forming
- Highlight: Custom Thickness Colored Acrylic Sheet,

Product Description

Multi Color Colored Acrylic Sheet Custom Thickness PMMA Sheet

Product Overview

As a professional manufacturer of multi-color colored acrylic sheets with custom thickness options, we supply premium rigid PMMA acrylic plastic sheets for bulk orders and OEM display fabrication projects. Produced entirely in-house with virgin PMMA raw materials, our sheets feature rich color options, uniform color saturation and flawless smooth surfaces.

We maintain ample stock for fast bulk shipment and provide flexible OEM customization for colors, thickness, surface textures and custom dimensions. Our export-grade acrylic sheets are widely exported to Southeast Asia, the Middle East, Africa and Europe, making them ideal for retail display fabrication, exhibition booth panels, display rack cladding, shelf backdrop boards, trade show dividers and other display construction projects.

MOQ	2 TONS
Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Clear or any custom colors
Delivery	15-30 days
Density	1.19-1.20g/cm ³
Sample	Available

Key Advantages

Rich Multi-color Options & Custom Thickness Range: Made of high-purity virgin PMMA raw materials, our multi-color acrylic sheets support customizable thickness from thin to heavy gauge, offering abundant color selections to match various display design requirements.

Uniform Color Saturation & Stable Color Retention: Adopting professional color blending technology, the PMMA sheets present consistent color across batches, maintain bright hues and slow fading, well-suited for bulk orders and OEM custom projects.

Precise Dimension Control for Custom Fabrication: Complete in-house production and inspection system guarantees tight tolerance on sheet size and thickness, reducing machining errors for customized cutting and forming jobs.

Smooth Flawless Surface & Great Machinability: Polished clean surface without blemishes. The acrylic material allows laser cutting, drilling, hot bending and edge finishing, and is less likely to crack during processing.

Export-Grade Quality for Global Display Applications: Our multi-color custom thickness PMMA sheets are widely used for exhibition booth panels, retail shelf backdrops and display cabinet cladding, reliable for long-term indoor display use.

Key Features

Impact Resistant
Scratch Resistant
Wear Resistant
Fade Resistant
UV Resistant
Easy Fabrication

Frequently Asked Questions

Can you produce according to the samples?

Of course, OEM welcome!

How can I get the sample?

Small samples are available for free, you only need to pay for shipping.

How long can I expect to get the sample?

We prepare samples within 3 days, with delivery typically taking 5-7 days.

What is your MOQ?

Minimum order quantity is 26 pieces for each size.

Do you test all your goods before delivery?

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

What is your lead time for mass production?

Normally 25-30 days.

What is your payment term?

We accept T/T, L/C, PayPal, and Western Union.

How do you pack the products?

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.
