

High Density Impact Resistant Colored Acrylic Sheet with Consistent Color for Exhibition Booth

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: SM
- Certification: ISO9001:2015,CE, DE,ROHS,REACH etc.
- Model Number: SM632
- Minimum Order Quantity: 2000kgs
- Price: 1-200kg, \$3/kg
- Packaging Details: PE film or Craft Paper
- Delivery Time: 25-30days
- Payment Terms: L/C,T/T,Western Union,Paypal
- Supply Ability: 2000PCS 25-30days

Product Specification

- Material: Acrylic
- Product: Cast Clear Acrylic Sheet
- Raw Material: 100% Virgin MMA
- Model: SM632
- Packing: PE Film Or Craft Paper
- Origin: Zhejiang, China
- Processing Service: Cutting, Moulding
- Color: Clear Or Any Custom Colors
- Light Transmission: High
- Customized: Accept OEM
- Chemical Resistance: Good
- Density: 1.19g/cm3
- Sample: Available
- Type: Cast Forming
- Highlight: **High Density Colored Acrylic Sheet.**

Product Description

High Density Colored Acrylic Sheet, Impact Resistant Solid Acrylic Plate with Consistent Color for Exhibition Booth

Product Overview

As a professional manufacturer of high density colored acrylic sheets, we supply sturdy solid PMMA acrylic plates for bulk orders and OEM exhibition booth fabrication projects. Produced with pure virgin PMMA raw materials in our own factory, our acrylic plates deliver consistent color tone, reliable impact resistance and flat flawless surfaces.

We keep sufficient inventory to support prompt bulk delivery and offer flexible OEM customization for dimensions, surface finishes and color options. Our export-quality colored acrylic sheets are widely shipped to Southeast Asia, the Middle East, Africa and Europe. They are well suited for exhibition booth panels, display backdrop boards, trade show partitions, retail display stands and various display structure applications.

Technical Specifications

MOQ	2 TONS
Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Clear or any custom colors
Delivery	15-30 days
Density	1.19g/cm ³
Sample	Available

Key Advantages

High Density & Solid Color Uniformity: Manufactured from premium virgin PMMA raw materials, our colored acrylic plate boasts high compactness and consistent solid color across the whole sheet, avoiding color difference for exhibition booth construction.

Strong Impact Resistance for On-site Installation: Optimized material formula greatly improves impact toughness. The solid acrylic sheet stays intact against bumps and knocks during booth assembly, transportation and handling.

Reliable Batch-to-Batch Quality Control: Complete in-house inspection standard stabilizes thickness, flatness and color saturation. It keeps consistent quality for repeated bulk orders and long-term OEM exhibition projects.

Excellent Machinability for Booth Fabrication: The dense colored acrylic sheet supports precision cutting, drilling, routing and edge polishing. It resists chipping and cracking when processing exhibition panels and partitions.

Long-lasting Color Performance for Exhibition Use: Professional color blending technology locks in solid pigment. The acrylic plate maintains saturated color without fading under normal indoor exhibition environments.

Frequently Asked Questions

Can you produce according to the samples?

Of course, OEM welcome!

How can I get the sample?

Small samples are available for free, you only need to pay for shipping.

How long can I expect to get the sample?

We prepare samples within 3 days, with delivery typically taking 5-7 days.

What is your MOQ?

Minimum order quantity is 26 pieces for each size.

Do you test all your goods before delivery?

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

What is your lead time for mass production?

Normally 25-30 days.

What is your payment term?

We accept T/T, L/C, PayPal, and Western Union.

How do you pack the products?

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.
