Product Description

2mm Colored Clear Acrylic Sheet for Gift Box Insert Panel

Colored Clear Acrylic Sheet 2mm Colored Clear Acrylic Sheet for Gift Box Insert Panel is a tinted PMMA panel specifically designed for gift box insert panel applications. This colored see-through acrylic sheet supports laser cutting, routing, drilling, and flame polishing for smooth edges. Custom cut sizes are available to match gift box inner tray and packaging dimensions.

Its flat uniform surface enables solid bonding for packaging assembly. Excellent flexibility and impact resistance prevent cracking during processing and packaging fitting. The stable finish withstands long-term storage and indoor display use. The colored tint maintains light transmission while elevating product presentation inside gift packages. Suitable for gift box transparent inserts, cosmetic packaging liners, luxury box dividers, jewelry box display panels, and premium packaging transparent components.

Key Advantages

Vibrant Transparent Color Blend:

Fine color pigments are compounded thoroughly within PMMA base resin. Uniform hue distribution and controllable light transmittance throughout the panel, creating refined visual layering for gift box insert panel applications.

Flexible Processing Compatibility:

Colored clear acrylic sheet accommodates laser engraving, precision cutting, edge chamfering, drilling and solvent bonding. Bespoke cut dimensions suit varied luxury packaging and gift tray manufacturing needs.

Dependable Color Retention & Surface Quality:

Purified PMMA material delivers outstanding color stability. It maintains clean surface and unchanged shade under prolonged indoor display and product storage for premium packaging.

Robust Shock Resistance:

Tuned sheet toughness reduces cracking risks during fabrication, trimming and box assembly, lowering scrap rates while producing transparent inserts for gift packages.
