Product Description

Colored Acrylic Sheet for Pop Display Stand Making

Product Overview

As a professional manufacturer of colored acrylic sheets, we supply high-quality PMMA acrylic panels for bulk orders and OEM pop display stand making. Produced with pure virgin PMMA raw materials in our factory, our colored acrylic sheets feature consistent color, strong impact resistance and smooth flat surfaces.

We maintain adequate stock to support fast bulk shipment and provide flexible OEM customization on sizes, surface textures and color selections. Our export-grade colored acrylic sheets are exported to Southeast Asia, the Middle East, Africa and Europe. They are ideal for retail pop display backboards, display shelf panels, product display dividers, promotional sign inserts, counter display facades and different in-store pop merchandising applications.

Key Advantages

Reliable Surface Performance for In-store Setup: The finished acrylic surface withstands light scratches during handling and in-store installation. It keeps a clean look for promotional pop displays and retail merchandising setups.

Durable Surface for Repeated Retail Use: The smooth acrylic surface resists fingerprints and minor abrasion during assembly and product restocking. It keeps a professional look for rotating in-store promotional campaigns.

Wide Range of Color & Opacity Options: We supply multiple solid and translucent color choices for colored acrylic sheets. Buyers can match brand colors for custom pop stands, logo plaques and shelf display accents.

Lightweight Property for Portable Pop Displays: Compared with glass, colored acrylic sheets are lightweight, making finished pop display stands easy to pack, transport and rearrange inside retail stores.
