Product Description

Colored Clear Acrylic Sheet Smooth Finish Board for Supermarket Shelf and Merchandise Display

Colored Clear Acrylic Sheet Smooth Finish Board is a tinted transparent PMMA panel for supermarket shelf and merchandise display fabrication. This colored clear acrylic sheet supports laser cutting, CNC routing, drilling and edge polishing for smooth edges. Custom cut sizes are offered for shelf panels, product dividers, merchandise risers and retail display fixtures.

Its smooth flat surface delivers reliable glue adhesion during shelf assembly. Great rigidity and impact resistance avoid deformation and cracking in store handling and daily use. The scratch-resistant surface maintains bright colored transparency for long-term indoor retail applications. High light transmittance brings vivid color without distortion. Ideal for supermarket shelf inserts, product separators, tiered display stands, retail sign blanks, counter showcase panels and translucent shelf boards.

Specifications

Place of Origin	Zhejiang, China
Brand Name	SM
Material	Acrylic
Size	1220*2440mm, 1220*1830mm and other custom sizes
Thickness	1.8-40mm

Frequently Asked Questions

Can you produce according to the samples?

Of course, OEM welcome!

How can I get the sample?

Small samples are available for free, you only need to pay for shipping.

How long can I expect to get the sample?

We prepare samples within 3 days, with delivery typically taking 5-7 days.

What is your MOQ?

Minimum order quantity is 26 pieces for each size.

Do you test all your goods before delivery?

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

What is your lead time for mass production?

Normally 25-30 days.

What is your payment term?

We accept T/T, L/C, PayPal, and Western Union.

How do you pack the products?

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.
