Product Description

Product Overview

The Colored Mirror Acrylic Sheet for Bar Counter Cladding is a lightweight PMMA mirror panel engineered for bright mirror reflection. Its anti-scratch surface resists abrasion from daily wiping and contact, maintaining a consistent mirror finish under long-term commercial use. Multiple colors, thicknesses, and sheet sizes are available in stock, with custom cutting service supported. It is ideal for bar counter cladding, cafe counter surfacing, restaurant front panels, and commercial interior renovation projects.

Thickness	0.6–6 mm
Grade	AAAAA
MOQ	2 TONS
Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Any custom colors
Delivery	15–30 days
Density	1.19 g/cm³
Masking	PE film
Sample	Available

Why Choose Our Mirror Acrylic?

- Consistent Mirror Finish & Great Abrasion Performance:** High-quality PMMA material creates uniform colored mirror visuals for bar counter cladding. A hardened surface coating guards the reflective layer against scratches during fabrication and regular cleaning.
- Rich Specifications & Flexible Color Selection:** Assorted hues, thickness options, and standard sheet sizes match diverse commercial counter styling needs. Bespoke cutting solutions can be offered to meet individual project specifications.
- Anti-Aging & Stable Flatness:** Advanced raw material formulation reduces discoloration and deformation. The panel stays level and sleek under continuous indoor commercial application in bars and lounges.
- Low Weight & High Impact Safety:** Far lighter than conventional glass mirrors. It breaks into dull pieces instead of sharp shards when hit, lowering risks during fitting and daily commercial operation.

Key Features

Lightweight
Impact Resistant
Abrasion Resistant
Shatterproof
Scratch Resistant
Easy Fabrication

Frequently Asked Questions

Can you produce according to the samples?

Of course, OEM welcome!

How can I get the sample?

Small samples are available for free; you only need to pay for shipping.

How long can I expect to get the sample?

We prepare samples within 3 days, with delivery typically taking 5–7 days.

What is your MOQ?

Minimum order quantity is 26 pieces for each size.

Do you test all your goods before delivery?

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

What is your lead time for mass production?

Normally 25–30 days.

What is your payment term?

We accept T/T, L/C, PayPal, and Western Union.

How do you pack the products?

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.

About Quzhou Perfect Plastic Material Company

Established in 2010, we are a professional cast acrylic sheet factory located in Quzhou City, Zhejiang Province. Our 27,729 square meter facility houses experienced staff with over 25 years of expertise and an annual capacity of 12,000 tons. We maintain a dedicated R&D team that develops products according to customer requirements.

We supply 100% virgin Lucite and Mitsubishi MMA acrylic sheets, as well as mixed material sheets at competitive prices. Our products meet strict quality certifications including ISO9001, ISO14001, and SGS, featuring UV/impact resistance, excellent processability, scratch resistance, and up to 93% light transmittance that remains stable for 5–6 years without yellowing or fading.

We offer OEM/ODM services for various acrylic products including boxes, desktop billboards, and signage. Committed to efficient service and timely delivery, we strive to be your long-term reliable partner.

Our Product Range

We specialize in cast acrylic sheet, extruded acrylic sheet, PVC foam board, mirror acrylic sheet, acrylic cosmetic box, acrylic tube & rod, acrylic desktop billboard, acrylic signage, and special acrylic sheets. Contact us for inquiries.
