Product Description

Product Overview

As a professional manufacturer of colored clear acrylic sheets for light box sign board applications, we supply high-quality PMMA panels for bulk orders and custom fabrication. Made from pure virgin PMMA material, our colored clear acrylic sheets deliver consistent light transmittance, uniform color rendering, a flawless surface, and excellent light diffusion performance.

We maintain sufficient inventory to guarantee fast delivery for large-volume orders and support custom size, thickness, and color customization. Our export-grade colored clear acrylic sheets are shipped to Southeast Asia, the Middle East, Africa, and Europe. Ideal for backlit light box faces, indoor and outdoor advertising sign panels, storefront illuminated signage, and illuminated display boards, these panels perform stably under long-term backlight operation and outdoor environmental exposure.

Delivery	15–30 days
Density	1.19 g/cm³
Sample	Available

Key Advantages

Premium Light Transmission for Illuminated Light Box Signs

Our colored clear acrylic sheet delivers balanced light transmission specially designed for light box sign board applications. It works as an ideal backlit face panel to evenly spread LED light and present vivid graphics for indoor and illuminated advertising displays.

Flexible Fabrication for Custom Light Sign Shapes

This colored clear acrylic sheet supports laser cutting, thermoforming, and edge polishing. You can process custom-sized light box panels, storefront illuminated letter backs, and backlit signage inserts to fit diverse advertising designs.

Uniform Color Rendering for Bright Sign Presentation

We maintain abundant color options and offer a custom color matching service. Stable color performance helps produce attractive illuminated signs and consistent brand visual effects for retail and commercial advertising projects.

UV Protected & Smooth Surface for Indoor & Outdoor Light Boxes

The colored clear acrylic sheet is formulated with a UV stabilizer and features a sleek, non-porous surface. It reduces yellowing and fading under light exposure and is effortless to wipe clean for long-term light box and backlit sign operation.

Key Features

Fade Resistant

- UV Resistant
- Weather Resistant
- Lightweight
- Scratch Resistant
- Low Yellowing

Customer testimonials and feedback for acrylic sheets

Frequently Asked Questions

Can you produce according to the samples?

Of course, OEM welcome!

How can I get the sample?

Small samples are available for free; you only need to pay for shipping.

How long can I expect to get the sample?

We prepare samples within 3 days, with delivery typically taking 5–7 days.

What is your MOQ?

Minimum order quantity is 26 pieces for each size.

Do you test all your goods before delivery?

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

What is your lead time for mass production?

Normally 25–30 days.

What is your payment term?

We accept T/T, L/C, PayPal, and Western Union.

How do you pack the products?

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.
