Product Description

Product Overview

The Colored Frosted Acrylic Sheet is a factory-made rigid PMMA frosted board engineered for craft gift box liner projects. It supports laser cutting, drilling, hot bending, and edge polishing for custom fabrications, with size, color, and thickness customizations available. Its uniform fine frosted matte surface delivers clean laser-cut edges without heavy melting, making it suitable for bulk gift packaging and custom handmade craft orders.

Product Specifications

Grade	AAAAA
MOQ	2 tons
Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Any custom colors
Delivery	15–30 days
Density	1.19 g/cm³
Sample	Available

Key Advantages

Laser-Compatible Surface Property: This colored frosted acrylic sheet adopts a specially adjusted matte frosted texture that reduces excessive melting and charring during laser engraving and cutting. It delivers neat, smooth cut outlines and crisp engraved patterns ideal for delicate gift box liner crafting.

Controlled Light Haze Effect: The evenly distributed frosted layer creates soft light diffusion and moderate privacy. It avoids sharp light spots on gift inner displays and highlights the premium texture of jewelry, cosmetics, and handicrafts inside packaging.

Consistent Color Retention: Premium PMMA raw material brings reliable color stability. The colored frosted surface resists fading and yellowing under indoor storage and showcase lighting, keeping a uniform appearance for long-cycle gift packaging batches.

Flexible Custom Machining Capacity: The rigid acrylic board supports laser cutting, drilling, hot bending, edge polishing, and contour shaping. Various customizable sizes, thicknesses, and color options are offered to match diverse gift box inner liner layouts.

Product Features

- Anti-Yellowing
- Easy Fabrication
- Scratch Resistant
- Lightweight
- UV Resistant
- Fade Resistant
- Tear Resistant

Frequently Asked Questions

Can you produce according to the samples?

Of course, OEM is welcome.

How can I get the sample?

Small samples are available for free; you only need to pay for shipping.

How long can I expect to get the sample?

We prepare samples within 3 days, with delivery typically taking 5–7 days.

What is your MOQ?

The minimum order quantity is 26 pieces for each size.

Do you test all your goods before delivery?

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

What is your lead time for mass production?

Normally 25–30 days.

What is your payment term?

We accept T/T, L/C, PayPal, and Western Union.

How do you pack the products?

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.
