Product Description

Product Overview

As a professional manufacturer of custom cut solid colored acrylic sheets for store signage, menu boards and display boxes, we supply high-quality PMMA panels for bulk orders and custom sign & display fabrication. Made from pure virgin PMMA material, our solid colored acrylic sheets deliver consistent color tone, flawless surface finish, good rigidity, and excellent scratch resistance.

We maintain sufficient inventory to guarantee fast delivery for large-volume orders and support custom size, thickness, and color customization. Our export-grade solid colored acrylic sheets are shipped to Southeast Asia, the Middle East, Africa, and Europe. Ideal for store signs, cafe menu boards, retail display boxes, product showcase enclosures and shop fixture making, these panels perform stably under frequent cutting, polishing, bending and machining processing.

MOQ	2 tons
Technology	Cast
Certificate	ISO9001, CE, ROHS, etc.
Color	Clear or any custom colors
Delivery	15–30 days
Density	1.19 g/cm³
Sample	Available

Key Advantages

Premium Machining Performance for Retail Sign & Display Fabrication

Our custom cut solid colored acrylic sheet comes with great processability built for store sign, menu board and display box production. It suits various store fixture fabrication solutions and provides rich, even solid colors to help retail signs, price menu boards and product display boxes catch customers' attention.

Consistent Solid Color for Commercial Display Applications

We stock a wide range of regular solid colors and offer custom color matching service. Stable color reproduction guarantees a unified visual style for shop signs, counter menu boards and enclosed display boxes across your retail outlets.

Smooth Anti-Scratch Surface for Daily Store Use

Our solid colored acrylic sheet is produced from high-grade virgin PMMA, forming a dense, sleek surface. It resists abrasion during cutting, hot bending and assembly for signage and display boxes. Simple cleaning keeps the panel bright and tidy under long-term retail environment exposure.

Superior Flatness & Stiffness for Sign and Display Box Assembly

The sheet maintains outstanding flatness and proper rigidity after processing. It is not prone to deformation when fabricated into store signs, standing menu boards and enclosed display boxes, helping your finished display fixtures stay neat and structured.

Key Features

- **Scratch Resistant**
- **Abrasion Resistant**
- **Warp Resistant**
- **Weather Resistant**
- **Impact Resistant**
- **Lightweight**
- **Chemical Resistant**

Customer testimonials and feedback for acrylic sheets

Frequently Asked Questions

Can you produce according to the samples?

Of course, OEM welcome!

How can I get the sample?

Small samples are available for free; you only need to pay for shipping.

How long can I expect to get the sample?

We prepare samples within 3 days, with delivery typically taking 5–7 days.

What is your MOQ?

Minimum order quantity is 26 pieces for each size.

Do you test all your goods before delivery?

Yes, we have strict quality inspections and provide photos before shipment. Our dedicated R&D team ensures every product meets your requirements.

What is your lead time for mass production?

Normally 25–30 days.

What is your payment term?

We accept T/T, L/C, PayPal, and Western Union.

How do you pack the products?

Each sheet is covered by PE film or craft paper, then palletized in 1.5-ton packages.
